# TRADE LIST

NUMBER 41

Fall 1928--Spring 1929

Growers and Dealers In

Forest and Shade Trees,  
Flowering Shrubs, Ever-  
Greens, Vines, Bulbs, Etc.

## PLANT IT NOW

## Forest Nursery Co.

Incorporated

McMINNVILLE, TENNESSEE

## INTRODUCTION

The Forest Nursery Company started growing and shipping nursery stock in 1887, and has operated continuously since that time. The founder, the late J. H. H. Boyd, outlined the policies governing the activities at that time, these policies were approved by the hundreds of customers of those early days, who, for more than a quarter of a century, have continued to purchase their requirements in nursery stock from us each year. For many years Messrs. F. C. and J. R. Boyd, sons of the founder, have personally managed the business and adhered to the policies, which have made the firm so well and favorably known. All stock is carefully grown where soil and climate are the most favorable, dug with good root system and properly handled.

**LOCATION**—McMinnville is located in Middle Tennessee on N. C. & St. L Railroad. Is, also, located on State Highway No. 1, a hard surfaced highway through the state. Many who visit our nursery prefer to take bus from Nashville to McMinnville. These busses make frequent trips every day. Our packing house and office are located just South of the depot.

**SHIPPING SEASON**—We usually begin digging and shipping in latter part of October, and we continue almost every day throughout the winter and up until latter part of April. Full shipping instructions should be given with every order as to how shipment is to be made, whether Freight, Express or Parcel Post. When no instructions are given, we use our best judgment.

**TERMS AND CONDITIONS**—This list cancels all previous quotations. Conditions always exist over which we have no control, and it is understood that in case of error on our part, or in the event that damage is caused to the stock by any unforeseen conditions, such as hail, fire, drought, etc., that we shall not be liable for a greater amount than the original price paid for the stock.

Cash with order except to persons who satisfy us as to their responsibility. All bills due sixty days after date. Interest will be charged on all bills unpaid December 1st in Fall, and June 1st in Spring.

Certificate of inspection with each shipment.

All quotations F. O. B. McMinnville.

Postage should accompany Parcel Post orders.

Claims to receive consideration must be made within ten (10) days after receipt of goods. All shipments travel at purchaser's risk.

Five plants at ten (10) rate; twenty-five plants at one hundred (100) rate; two hundred fifty plants at one thousand (1000) rate.

Everything offered subject to being unsold on receipt of order, and subject to shortage and failure of crops and other causes beyond our control.

We are members of the American, Southern, Southwestern and Western Associations of Nurserymen, also the Tennessee, Illinois and New York State Associations of Nurserymen, and other regional and State Associations.

**REFERENCE**—Any Bank or Business House in McMinnville, the Commercial Agencies and any of the larger Wholesale Nurserymen of the United States.

**FOREST AND SHADE TREES**

Nursery Grown Stock—S, Seedlings; Tr., Transplanted;  
C, Cuttings.

**HARDY DECIDUOUS SHRUBS**

We are offering an unusually nice lot of well-grown, thrifty, bushy shrubs. Most of them have been transplanted once or twice, grown on good land with plenty of room in the rows to develop well-finished plants. Will be carefully dug to preserve the root system, our grades are strong and are sure to please.

### HARDY CLIMBING VINES

Vines are useful in many ways. They give quick results when planted on a new place, before trees and shrubs become established. For covering fences, rocks, walls, banks and trellises, they are peculiarly adapted. A porch without a vine is desolate and incomplete.

<b>AMPELOPSIS engelmanni</b>	Engelman Ivy		
	Each	Per 100

## ROSES

## HARDY OUT-DOOR GROWN BUSH ROSES

The very name of roses carries with it the suggestion of the greatest perfection and beauty of the world of vegetation. No arrangement is satisfactory that neglects them, in fact, they are indispensable. The stock we offer is all field-grown, acclimated to the outdoor life and will make much quicker and more hardy growth than the greenhouse plants offered by rose specialists.

## ROSES, 2-YEAR, NO. 1.

BABY ORLEANS—Red, White Center

WICHURAIANA—Memorial Rose, al- most evergreen foliage and attrac- tive single white flowers.....	.30	2.50

### FRUIT TREES AND BERRY PLANTS

We do not grow Fruit Trees ourselves, but so many of our customers prefer to have us fill their complete orders, that we are prepared to do that, buying our supply of fruit trees from reliable growers and shipping with our ornamentals, which makes it very convenient for our friends. In this way, we buy nothing out the best and handle only what we would be willing to plant ourselves.

### APPLES

The apple is universally recognized as the most desirable fruit of the United States, because of its great varieties of delicious flavors, nutritious qualities and nutritive value. Whether as commercial crop or for the satisfaction of the family a well selected orchard of a few varieties is a most desirable investment that any landowner can place on his premises.

Early Harvest	Jonathan
Baldwin	Mammoth Black Twig
Delicious	Yellow Transparent
Gano	Kinnard's Choice
Red June	Rome Beauty
Grimes Golden	Winesap (Stayman's)

3 to 4 feet, 7-16 to 9-16.....	\$ .25	\$20.00
4 to 5 feet, 9-16 to 11-16.....	.30	25.00

**APRICOTS**

Royal, Moorpark

3 to 4 feet, 7-16 to 9-16.....	\$ .40	\$35.00
4 to 5 feet, 9-16 to 11-16.....	.50	45.00

**CHERRIES**

At least a few Cherry Trees should be in every orchard. They are almost a sure crop each year. Our Cherry Trees are grown in Indiana on soil especially adapted to growing sturdy, healthy and hardy trees, free from disease and first class in every respect.

**Varieties in Sweet**—Black Tartarian, Governor Wood.

**Varieties in Sour**—Early Richmond, Montmorency,

May Duke

Prices—Sweet and Sour Cherries:

Lutie	Worden	

Two year No. 1.....	\$ .12	\$9.00
Two year No. 2.....	.10	7.00
One year No. 1.....	.10	7.00

**PEACHES**

Every home should have a few peach trees as there is no more delicious fruit in its season, and that purchased on the market is often of an inferior quality because of the necessities of picking comparatively green. Peach trees grow quickly but are of short life and to keep a good supply of fruit, a few trees should be set out fresh each year to replace those that die of old age or accident.

We have the following varieties:

Belle of Georgia	Elberta	Hiley
Carman	Early Elberta	Mayflower
Champion	J. H. Hale	Red Bird
Crawford's Early	Heath Cling	Stump O' World

**June Bud and One Year Peaches:**

	Each	Per 100

1 year No. 1.....	\$.50	\$3.00	\$20.00
2 year No. 1.....	.75	3.50	30.00

**HARDY FERNS**

The five varieties of hardy ferns, which we are offering here, are dug up in the mountains and have not been cultivated in the nursery rows. The Cinnamon, Royal and Christmas ferns are clumps, the other two varieties are small roots. They will make nice plants in a year or so, and these prices are very attractive.

	Per Doz	Per 100
Adiatum Pedatum, small root.....	\$.75	\$4.00
Dicksonia Punctilobula small root	.75	4.00
Osmunda Cinnamonea, Cinnamon Fern, clumps .....	1.00	5.00
Osmunda Regalis, Royal Fern, clumps .....	1.00	5.00
Polystaca Acrestiochoides,		
Christmas Evergreen .....	1.00	5.00
